Class Name: Oxford

Term 1 2024-2025

Topic: I am a Citizen

What we have been doing this term:

We have had a busy first term in Oxford class getting to know everyone and settling in. In Maths some of us have been looking at what is needed to work towards our Functional Skills tests in the summer. We have been consolidating our understanding of numbers to 20 and beyond, along with practising addition and subtraction. In English some of us have been focusing on ensuring that we have capital letters and full stops in every sentence. Others have been looking at using their phonics skills to read with more confidence. In topic we have looked at what it means to be a citizen with rights and responsibilities. We are mid-way through preparing a presentation on a country of our choice. In PHSE, we have looked at our qualities, self-esteem and body image. In World of Work we have been looking at job adverts and applying for a monitor role at our school. The students then had interviews and really out-did themselves, tackling the interviews with maturity. Many were successful in their interviews and have been awarded roles across the school – well done! In cooking we have made a range of different foods from toasties to burgers and fries. For each of the items we have made, we have done weekly shopping lists and then visited the supermarket to buy the items needed ourselves. In PE and Computing we have been working on ASDAN units for our Life skills Challenge. Have a lovely half term!
