Class Name: Carisbrooke Term: Term 2

2024-2025

Topic: Toys

What we have been doing this term:

Some photos of us!

English – We started the term with the book “the most magnificent thing” all about a little girl who loves to make and invent and how she can sometimes be frustrated. As a class we explored a growth mind-set and how to try again if things don't quite go how we expect. Into December we read “pig the elf”

Maths – Our topic was multiplication, we explored different games and activities with multiplications 2, 5 & 10.

PHSE – Safety was our topic for this term. We looked at risks and hazards when out about out and looked at different types of safety signs.

Enterprise – We started an enterprise project this term, we had a stall booked at Newbury Hospital for Christmas. We made a range of cards and decorations to sell at the stall. At the stall everyone went along and helped set up and interact with customers.

Drama – In Drama we prepared for our Christmas production with the story of “Santa Claus and the three bears” Everyone worked very hard and pulled off a wonderful performance.

Community Trips – This term we have enjoyed going to the library and choosing books to bring back to class. The student have been learning how to make requests and ask for ask from the library staff. We have also been able to visit the local garden centre to look at the Christmas displays.

MERRY
Christmas

AND HAPPY NEW YEAR

Dates & Points to remember:
