

# Classroom News

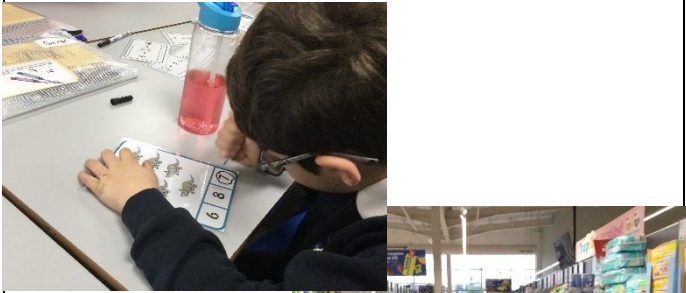

Class Name: Skipton

Term: Term 2

## Some photos of us!

## What we have been doing this term

This term we have been focusing on the topic of space and what is out there! We have looked at the planets in our solar system and what the moon does for Earth.

In maths we have been focusing on number, addition and subtraction. Everyone is enjoying playing a game on the screen in which they have to answer mathematical questions to gain stars. So far we have collected 80!

In English we have been focusing on sentence structure, spellings and punctuation. The class have thoroughly enjoyed writing about Lunas adventures and it has been wonderful to see everyone joining in with the class writing activity.

The class have enjoyed a trip to the cinema, the garden centre, weekly shopping and some very muddy walks at Snelesmore common.

In cooking we have enjoyed making mince pies, sausage rolls, melted snowmen biscuits, pizzas and Christmas cakes.

## Dates & Points to remember:

7<sup>th</sup> January – Return to school
