Class Name: Arundel

Term 4 2024-2025

## What we have been doing this term:

## Some photos of us!

It's been a busy term in Arundel! We have really enjoyed our daily games of Uno to help us settle in the mornings.

In maths, we have moved on to negative numbers. We are ordering, comparing and beginning to learn how to use the four operations with negative numbers.

In English, we have continued our creative writing, learning more about the structure and ingredients of short stories. We have learned about main and secondary characters and the importance of setting the action in one location and over a short amount of time.

In science, we have begun learning about forces. We have explored different forces and learned that every force is a push, pull or a twist and it changes the shape, direction or speed of an object.

Students have really enjoyed taking part in new lunch clubs this term, including football, craft and gardening. It has been lovely to see students' new-found passions!

Across the class, students have enjoyed different offsite visits, including Smelly Wellies, parkour, climbing and Earth Trust. These have provided fantastic opportunities to build connections with adults and peers across the school.

This year has gone so fast and we can't believe there are only two terms to go! We wish you all a very happy Easter break.

## Dates & Points to remember:

Last day of term: Friday 4<sup>th</sup> April  
First day back: Tuesday 22<sup>nd</sup> April

Alicia, Jordan, Kelly and Kirsty 😊
