Class Name: Skipton

Term 6 2023-2024

Topic: Can we fix it? Houses and Homes

What we have been doing this term:

Well what an extremely busy last term we have had in Skipton Class! We have enjoyed following our House and Home topic, looking first at Katie Morag and the Two Grandmothers and comparing her island home in Scotland with the areas we live in in West Berkshire. We followed this with a look at houses in the past. We enjoyed looking at household items from the past and guessing what they were used for. We then went to Milestones to see old houses and the items we'd seen in class. In maths we have been looking at addition, subtraction and telling the time on an analogue clock to o'clock and half past. At Forest School we have done a huge range of activities from learning about the Great Fire of London and burning houses to carrying out lots of Science experiments with water. In Life lessons, we have been looking at the World Around Us and seeing what makes us the same and different to others and looking at what jobs we would like to do when we are older. We have also looked at money, identifying coins and thinking about how to keep money safe. In cooking we have made a range of summery foods such as smoothies and fruit tarts. Finally we all enjoyed our trips to Paulton's Park and Boscombe beach.

Some photos of us!

Dates & Points to remember:

End of term –Thursday 24th July

Start of Autumn term 1 – Thursday 5th September

Have a lovely summer and thank you for all your support this year.

Karen, Helen, Penny and Jill
